Answer: Self-Protection !!

“Dear friends, do you know what (1) child sexual abuse is? It refers to both (2) body contacts and non-body contacts with children through a use of violence, bribery or sympathy. We should (3) protect our bodies, especially our (4) private parts: the (5) chest, (6) vulva and (7) buttocks of girls; (8) penis and buttocks of boys. Child sexual abusers could be strangers, or someone we already known. We should trust our feelings: (9) good contacts make you feel safe, comfortable and it is okay to be (10) continued, but you should say NO and strongly (11) refuse any bad contacts. You can seek (12) help by telling adults you can (13) trust, e.g., teachers, parents or other relatives.

We have more information at our Activity & Resource Centre of (14) The Family Planning Association of Hong Kong, why don't you ask your parents to take you there for a look? (Add : 8/F, Southorn Centre, Wanchai Tel : 29197793)
