# “Sexual and Reproductive Health” Continuing Nursing Education (CNE) Program

## Lecture Content

### 1. Updates on Subfertility

Date : 3 Sept 2019 (Tue)

Lecturer : Dr. LI Hang-wun, Raymond  
*Specialist in Obstetrics and  
 Gynaecology*

Content : Prominent factors in subfertile couples, investigation & treatment methods, and available resources for referral in HK.

### 2. Women's Health in Menopausal Transition

Date : 10 Sept 2019 (Tue)

Lecturer : Dr. WONG Ching-yin, Grace  
*Senior Doctor of FPAHK*

Content : Symptoms and health risks in menopausal transition; Counselling of women on lifestyle modifications in menopausal transition; Use of hormone replacement therapy in current perspective.

### 3. Introduction to Male Sexual Dysfunction

Date : 17 Sept 2019 (Tue)

Lecturer : Dr. YIU Chi-pang, Christopher  
*Specialist in General Surgery*

Content : Sexual dysfunctions can be presented in various ways. Health professionals are often not well trained or prepared to detect, or even ask, about sexual problems. Currently, male sexual disorders are mostly treatable by various biological and psychological means. This can open a channel for the management of the various associated psychopathology and interpersonal problems.

### 4. Knowledge on Contraceptive Methods

Date : 18 Sept 2019 (Wed)

Lecturer : Dr. Sindy Lau Sin-ye  
*Doctor of FPAHK*

Content : A practical session on methods available, indications, adverse effects, contraindications and precautions of method specific contraception, emergency contraception, and contraception for specific populations.
