

## A List of your "Best" Classmates

Do you pay attention to both male and female classmates around you? What are their personalities? Do they have any particular characteristics that you want to learn from? Now, it is worth for you to spend some time to observe them, and to find out their advantages!

Characteristics	Name	Boys/Girls ?	Is he/she your friend?
Strongest		 	
Most kind-hearted		 	
Most hard-working		 	
Have the Loveliest Smile		 	
Most willing to share		 	
Most friendly		 	
Cleverest		 	
Bravest		 	
Cutest		 	

If you pay attention, you will find a lot of merits that your classmates may have, e.g., boys who are being helpful to others, and girls who are easy-going! Do you have friends both at your sex and the opposite sex listed above?

Everyone of us have advantages and disadvantages regardless of gender. Boys and girls are not placed at the opposite end of the pole, but can actually make friends with. Learn to appreciate, and try making friends who are at your sex and the opposite sex!
