Guidelines for Rethinking of Teen Sex

Do you know how to handle sexual drive? Would you go into sexual contact with your partner out of curiosity? Do you think sexual intercourse would cure broken relationship? Is there any peer pressure leading you to sexual involvement? The following are guidelines that might help to rethink about sex and to make smart choices.

Legal Obligation: Do you know a man who has sexual intercourse with a girl under the age of 16 shall be guilty of an offence? Does a man need to bare any legal obligation if he had sought consent from a 16-year-old girl to sexual intercourse?

Birth Control Methods: Could you name four of the reliable birth control methods? Do you know how to use these methods correctly? How about ejaculation outside of vagina and calculation of 7 days before and after menstruation as “safe period”, do you know these methods are unreliable, and why? How well could you “put off the fire” when birth control methods are not catered around?

Teenage Pregnancy: Would you keep your baby if you were pregnant? Do you know what requirements are to undergo pregnancy termination (abortion) legally? What kind of complications likely to be incurred when you go through abortion? Are you being psychologically and financially ready to become parents? Have you ever thought of how teenage pregnancy would affect your study and your future career?

Sexually Transmitted Disease: Do you know the differences between HIV and AIDS? Does your partner have many other sexual partners? Do you know condom use cannot hundred percent guarantee you from infection of Aids? Do you know people who carry HIV can easily spread virus to others through sexual contact though they might look perfectly fine?

Relationship with your partner: How long did you date with your partner? Do you both always argue with each other? Are you both willing to listen and pay respect to each other? How well do you understand your dating partner? Would he /she always support you if you were in need of help? Are you both being frank to each other?

Acceptance by Family: What are the views of your parents towards pre-martial sex? Would they support you if you were pregnant?

Social Pressure: Social stigma is attached to teen sex in our society, do you think it would lead to sense of guilty and lower self-esteem if you were sexually-activated now?

Religious Background: What does your religious belief say about pre-martial sex? Would feeling of guilty incurred if you were involved in it?
